

# PRIDEX spreads its wings

**P**ridex Kitchens is more than a creator of dream kitchens. It also provides good-looking, functional, economical laundries, wardrobes, bathroom vanity units, purpose-built office furniture, entertainment units and shelving for almost any room in the house, as well storage systems for the garage.

Seven months after franchise owner Rosie Davey-Hicks took over the sales division of Pridex Kitchens, she saw a need for top-of-the-line wardrobes and storage systems – and decided to expand.

"Basically, if we can design it, we can make it."

Rosie says every Pridex kitchen is individually designed, so that the client gets the most functional and aesthetically pleasing kitchen at a price they can afford.

But Pridex Kitchens doesn't just design, build and install kitchen cabinetry. It provides the whole package, from tapware and sinks to appliances and flooring.

Pridex cabinetry can be made to fit, unlike the "unassembled, cheaper option" kitchens. If a client needs a cabinet 613mm wide, then it is made to that size.

Pridex Kitchens design consultant Lyn Hesketh, owner Rosie Davey-Hicks and sales and installation manager Ryan Blinckome.

"We are limited only by our imaginations, the size of the site and the client's budget. We take this information and put it together to provide your dream kitchen," Rosie says.

The Innovative Interiors range, which is now available through Pridex, also provides good value. The Pridex

showroom has a display of the three styles of wardrobes available – the Traditional, the Classic and the Euroclass. These are also individually designed and crafted for each client. Any combination of hanging space, shelving, shoe sliders or drawers can be chosen.

If you require a purpose-built vanity

unit, entertainment unit or office workspace the highly skilled team at Pridex can design and build it for you. Rosie says that their aim at Pridex is to keep everyone happy.

No argument there – Pridex achieves that and more. To learn more, drop in at 47 Railway Road, Palmerston North.
